Lord 4/6/61
RE-6-5400

1. Meeting at Brookline Library 4/25/61 (Tues.) at 8 p.m. to constitute Regional Advisory Council, adopting by-laws, electing officers, etc. Lord to preside as temporary chairman; hope is that temporary officers will be made permanent.

2. 768,00 appropriated for fiscal '61 & put into 2600 (reimbursable) account. Understanding is that 600,00 will be allocated to Metropolitan District, $168,00 to Western District. (Only two regional centers are to be established in one year.) This amount will be available in fiscal '62, & nothing will be added to it in '62. To Mayfield's advantage, therefore, tho in Metropolitan District, since no funds are available for Western District.

Wolfe 4/4/61

To help future library in ways, Student Council stood to available. Also thought of having school library open in ways.

Home Trustees state prepare a letter & ask School Committee attend on to it.

DRAFT WAW:o 4/10/61

Original Sent HTC Jr. 4/10/61

Gregory B. Wolfe, Chairman
Wayland School Committee
Country Corners Road
Wayland, Massachusetts

Dear Gregory:

On behalf of the Trustees of the Public Library, I write as a result of Bill Waldron's recent conversation with you.

We are, of course, gratified that the Library is regularly visited by a large number of the students at the Junior and Senior High Schools. Within the funds available to us, Miss Ferris and we do our best to get optimum use of the limited space in our building and to add wisely to our collection of books. As you may know, the new "teen age" area was arranged with the older students particularly in mind.

However, as I am certain you and your colleagues recognize and agree, since the Library is supported by and intended to serve all residents of the Town, consideration of one another by the Library's users is essential to its successful operation. Recently we have encountered these difficulties with some -- a very small minority, I am sure -- of the older students:

1. Disappearance of reference volumes and other books which are in constant demand and vital to our collection;

2. Removal of pages from such books; and

3. Occasional noisy behavior disturbing to others in the Library.

We request that your Committee give attention to these difficulties and consider whether some alleviation of them may not be possible through the High School Student Council or otherwise.

We shall look forward to having your Committee's suggestions as soon as may be convenient.

Yours sincerely,

Chairman, Trustees of the
Public Library

Dear Hugh,

Enclosed is a copy of the report and supplement thereto recently submitted to the School Committee by our Elementary Schools Library Committee, of which the chairman was William E. Maxson, Principal of the Center School. This committee was organized at our request following the informative and helpful meetings we had during the winter with your colleague and representative, Egon Weiss.

We think all of you on the Library Board will be impressed by the work the committee did and will find their report perceptive and useful. We hope it may serve as a starting point for further discussions between the Library Trustees and the School Committee in anticipation of next autumn's budget making by both our groups.

We look forward to meeting with the Trustees and count that you will soon suggest a convenient date.

I am sending to each of your colleagues a copy of this letter and the enclosure with it.

Sincerely,

WAW:o
